Mayor of Tomi City,  
**Mr. Toshio HANAOKA**  
Nagano Prefecture of Japan

Cahul City Hall cordially greets you and expresses sincere appreciation for the activity you carry out at the national and international level. We are very grateful for the realized common projects and the established collaboration with Tomi city. The city of Cahul, is the only one in the Republic of Moldova that signed a memorandum of cooperation with a city from Japan being thankful for this.

One of our priorities is to invest in infrastructure development, environmental sustainability and social activities. But in view of the state of emergency triggered in the Republic of Moldova by the war in Ukraine, we have made every effort to provide the necessary support and assistance to all displaced people. Therefore, the donation offered by Tomi City Hall is very necessary in this regard. We are very thankful for the 500,000 yen financial donation and we inform you that it has been transferred to our bank account.

Your support is particularly important to us, and further cooperation will make a substantial contribution to deepen the relationships between our cities. It helps the continuity of our commitment to serving the community. In order to respond to the challenges related to increasing demands on services and complex community expectations, working together we can make a positive change in our community.

Thank you again for all your kind and generous support.

With respect,  
**Nicolae DANDIS**

Mayor of Cahul City
